

Are you tired of waiting for the riding season? Your bike just sitting in the garage with gloomy cold weather outside? Forgetaboutit! Join us where it is riding season all year long: Florida! Come with us for a trip of a lifetime – visit the world famous Bike Week in Daytona Beach while riding on genuine Harley Davidson motorcycles on perfect roads that were made for them, experiencing the real Florida along the way! 1500Km of perfect weather, smooth roads, and pure ecstasy with real Milwaukee iron between your legs! Sounds good?

As leaders in motorcycle photography and major bike enthusiasts ourselves, we are now ready to share our incredible experiences with a limited number of our followers. We have traversed many of the beautiful roads of Europe and North America on motorcycles and have mapped out the most scenic and twisty ways to relish those on two wheels. The most enjoyable approach to see these is in small groups, thus we would take only a limited number of riders. If you would like to join us for the trip of a lifetime, please do not hesitate to let us know as soon as possible!

Our first such trip of the year will commence on March 10, 2020 and will encompass Southwest Florida to Daytona Beach for the world famous Daytona Bike Week. There will be plenty of time to enjoy Florida beaches, the incredible weather. The average daytime temperatures in March reach a blissful 25°C, whereas the average minimum temperatures drop down to 12°C. You can expect 9 hours of sunshine per day on average and of course, pleasant rides on Harley Davidson motorcycles provided by the largest dealership in the area. You will stay in a big vacation home, roam the area beaches, see (eat if you want!) alligators, smell the orange blossom, and overall have the time of your life.

Our Kanyarfoto team will provide transportation to and from the airport, will carry your luggage to Daytona in a van (no need to over pack the bikes), cook gourmet breakfast and dinner (unless we eat out), help you with the airplane tickets, take care of the luxurious accommodations, and everything else that will make your trip truly a trip of a lifetime!

In addition, our Head Photographer will wait for us in the most scenic locations to commemorate this incredible experience. You will even receive a book of photographs at the end of your journey!

However, this trip is not for everyone, especially not for novice riders. You do have to possess a valid passport, international driver license with a motorcycle endorsement (and more than two years of riding experience), and a spirit for adventure. You also need a travel/health/accident insurance which you purchase in your own country. We do speak several languages, but knowledge of Basic English is helpful.

Arrival at Sarasota airport, short ride to the amazing Siesta Key and settling in at the vacation home.

## Day 2, March 11, 2020

Getting used to the time difference, relaxing on the best beach in the USA ([Siesta Beach](#)), a short visit to the beautiful Sarasota and area.

## Day 3, March 12, 2020

Picking up your motorcycle at the local Harley Davidson dealership, followed by an introductory ride in the sunny Florida inland to get used to the bike, the traffic, and the sweet aroma of the orange blossoms (the orange trees, which are everywhere, bloom from February through March and the smell is mesmerizing!). This will be a short 150-200 Km day including historic Arcadia and back to our home. Along the way we will also take an hour long ride on the pristine Peace River on an airboat to experience the real Florida along with alligators and other wildlife. This will be a very loud and exciting event! <https://peacrivercharters.com/>

## Day 4, March 13, 2020

A full day scenic ride from southwest Florida to the [Daytona bike week](#). Our route will once again take us inland through orange groves and other magnificent scenery with only a very short ride on a Florida highway. Altogether about 350Km. Our photographer will be waiting for us in the most beautiful spots! Lunch break in the historic quant town of [Mount Dora](#). Afternoon takes us through parts of old Florida, the [Ocala National Forest](#), with a stop at Alexander Springs, to admire its crystal clear water. Arrival in Daytona at our beachside Hotel, followed by a wild night downtown with thousands of other bikers.

## Day 5, March 14, 2020

motorcycles, and mingle with the crowd. There are other opportunities of watching the coleslaw wrestling, going to a swap meet, flat track racing and other programs throughout the area. Democracy, the traffic, and your energy will decide.

Another dip in the ocean or the pool and head out for another loud night on Main Street! Not a lot of riding today, but the whole day will be all about motorcycles. There will be many good photo opportunities for our photographer.

Short stop in an authentic German bakery surrounded by a Blueberry farm. Another 150 Km later, BBQ lunch in an authentic road side smoke house (best smoked baby back ribs and chicken you have ever had!). Relaxing on the beach or by the pool upon arrival. About 350Km.

## Day 8, March 17, 2020

A half day ride along the area’s tropical islands ([Manasota Key](#), Venice Beach, and [Casey Key](#) – with its million dollar mansions), returning the motorcycles, relaxing in the evening. Around 150Km today.

A free day to relax on the beach, with an option to go shopping (many area outlet shops are the all-time favorites with European tourists) or other sightseeing, boating... Yet again, you can vote for the itinerary. Our van will be available to take you to nearby attractions.

## Day 10, March 19, 2020

Ride to the airport for your return home with another optional stop for outlet shopping.
